OUR GUIDE FOR MEETING ALONGSIDE THE NORTHWEST COAST

By Teresa Kenney

# Coasting Along

The roar of the waves and spray of the surf await your group gathering on and near the beaches of southwest Washington and Oregon. Come for the wild backdrop, stay for the genius it inspires. Here is our guide to meeting on the coast.

## Bell Harbor Gets a New Look

The Port of Seattle has begun a multimillion-dollar modernization of Bell Harbor International Conference Center. The renovation will focus on the center's main floor, but multiple spaces will still be available for events throughout the process, including Elliott Hall and the International Room.

The renovation will add more spaces for socializing and collaborating. These "third spaces" will feature soft seating, charging outlets and sustainable furniture. The modernization also includes enhanced A/V capabilities and wayfinding systems to improve guest navigation around Pier 66 and the center.

The anticipated completion date is May 2020. [bellharbor.com](http://bellharbor.com)

## Fore! Events

Topgolf in Kirkland, Washington, has introduced the world's first Lounge by Topgolf. The lounge includes a 9,200-square-foot upscale restaurant, bar and indoor lounge with an outdoor patio offering panoramic views of Kirkland. The venue also includes four entertainment bays and a VIP bay powered by Topgolf Swing Suite technology, as well as a private event space and innovative digital sky.

Lounge by Topgolf includes digital screens and a selection of digital multisport games and experiences that can be enjoyed by anyone, regardless of skill level. Guests can choose from more than 80 digital championship golf courses using a microchipped golf ball and simulator screen. Other games are available, including Zombie Dodgeball, hockey, baseball and football challenges, along with popular carnival games. [loungebytopgolf.com](http://loungebytopgolf.com)
